EXPERIENCE:

Disha Computer Institute, Dattawadi — Language Instructor

[From April 2024]

Nagpur, India

- Developed and delivered comprehensive lessons on 5+ programming languages like C, C++, Java, Html, Css, Javascript.
- Created and provided engaging learning materials, including lecture slides, coding examples, and assignments, to facilitate student understanding and practice.
- Guided students through practical coding exercises and projects, offering personalized feedback and support.

PROJECTS:

BK Enterprises | HTML5, CSS3

[\[visit\]](#)

- Successfully launched a visually appealing and highly functional business website that met all client expectations.
- Completed within a span of 1 months. Achieved a page load time of less than 4 seconds. Structured the website with 4 main pages: Home, About, Services And Contact.
- This project not only enhanced my technical skills but also honed my ability to work effectively.
- My experience with this business website project has prepared me well for future web development endeavors, where I can leverage my expertise to create impactful online presences for businesses.

Personal Portfolio | HTML5, CSS3, Javascript

[\[Visit\]](#)

- Developed a personal portfolio using HTML, CSS, and JavaScript, showcasing skills.
- Implemented responsive design and interactive features, achieving a 2-second load time.
- Optimized performance with smooth navigation and received positive feedback from 25+ peers and professionals.
